

Fiber Optic Patch Cables

With over 25 years' experience in the design and manufacture of fiber optic cable assemblies for both harsh and benign environments, Amphenol optical patch cords and connectors are currently in use in aerospace, military, avionics, marine, and network communications applications worldwide. Our assembly personnel are adept at processing a

wide variety of fiber termini, including ST, SC, FC, LC, MT-RJ, & MU in Single-Mode and Multimode configurations. When fiber optic patch cables are required, Amphenol Cables on Demand delivers the very best.

CABLE TYPES

- **10-Gigabit Multimode Cables (OM3)**
- **Fiber Optic Loopback Cables**
- **MTP / MPO OM3 Patch Cables**
- **Multimode 62.5-Micron Cables**
 - **LC-LC Fiber Patch Cords - 62.5/125 Multimode**
 - **ST-LC Fiber Patch Cords - 62.5/125 Multimode**
- **Single-Mode 9-Micron Cables**
 - **FC-FC Fiber Patch Cords - 9/125 Single-Mode**
 - **SC-LC Fiber Patch Cords - 9/125 Single-Mode**
 - **SC-SC Fiber Patch Cords - 9/125 Single-Mode**

Amphenol

Cables on Demand

SPECIFICATIONS

- Fully assembled Fiber Optic Patch Cable
- Impedance-matched Amphenol brand connectors pre-installed
- Non-contaminating PVC cable jacket and molded strain relief system
- Tinned Copper center conductor & braid for high frequency performance
- Stocked in a variety of common lengths to meet application requirements
